

Panels– bioCEED site visit 16 May 2017

09.00 – 09.45 Meeting with students (6-8)

Mari Engelstad is a bachelor student at Arctic Biology, UNIS, and student representative bioCEED UNIS). Mari is also a project leader for bioBREAKFAST at UNIS. She will join the meeting by Skype from Longyearbyen.

Malene Klakegg Vinnes (bachelor student at Arctic Biology, UNIS, and student representative bioCEED UNIS). Malene is also a project leader for bioBREAKFAST at UNIS. She will join the meeting by Skype from Longyearbyen.

Tone Ulvatn is a student in the Master's Programme Biology at BIO-UiB, and a former student representative bioCEED UiB.

Morten Røstad is a student in the Bachelor's Programme in Biology at BIO-UiB, in his 4th semester in this programme. At present, Morten is leading the student organisation for bachelor students in biology at UiB (Biologisk Fagutvalg). Morten has also been a student representative in the Steering group for assessing applicants for the status of *Excellent Teaching Practitioner* at The Faculty of Mathematics and Natural Sciences UiB.

Ingvild Kristine Sundal Joys is a student in the Bachelor's Programme in Biology at BIO-UiB, currently in her 4th semester. She is active in the student organisation Biologisk Fagutvalg.

Sondre Olai Spjeld is a student in the Bachelor's Programme in Biology at BIO-UiB, currently in his 2nd semester. He is active in the student organisation Biologisk Fagutvalg.

Hedda Dugstad Østgaard is a 3rd year student in the Bachelor's Programme in Environment and Resources. She has taken the Work Placement Course run by bioCEED at BIO.

Terje Alming is a master student in the Master's Programme in Biology at BIO-UiB. During his bachelor degree, Terje took the Work Placement Course run by bioCEED at BIO. He works as an *oracle* in biORAKEL, mentoring younger students that come to biORAKEL sessions, and is currently enrolled in the Dissemination project course.

10.00 – 11.15 Meeting with stakeholders (4-6)

Gro van der Meeren works at the Institute of Marine Research and is work package leader for Societal relevance (WP7). She has also been a work placement host and has organized workshops with other work placement hosts. The Institute of Marine Research is a partner in bioCEED, a major employer of biologists, and is an important stakeholder.

Bjørn Barlaup is a research group leader at Uni Research Environment. Uni Research is an important collaborator for UiB, and represents an important stakeholder. Bjørn has also been a work placement host for bioCEED students. Gaute Velle (Uni) will step in for Bjørn in case of field work.

Frede Torsheim works at the Centre for Science Education (Skolelaboratoriet for realfag). The Centre for Science Education give courses for teachers in science and mathematics, both in-service training and supplementary training. They also have joint projects with bioCEED (e.g. ArtsAPP).

Ingrid Salvesen is a senior advisor at The Norwegian Biodiversity Information Centre (Artsdatabanken). The goal of NBIC is to serve as a national source of information on species and ecosystems in Norway, and to make up-to-date information on biodiversity widely available and easily accessible to the society. They are involved in educational and research activity, and have collaborated with bioCEED on ArtsAPP. She will join the meeting by Skype from Trondheim.

Nils Tore Skogland is a project coordinator and leader of Naturvernforbundet (Friends of the Earth Norway) Hordaland. Naturvernforbundet is Norway's oldest environmental and nature protection organization. Naturvernforbundet is a work placement host for bioCEED students.

12.00 – 13.00 Meeting with staff

Øystein Varpe is a professor in ecology at Arctic Biology, UNIS. Øystein teaches biology courses at UNIS, and he is part of the Steering group of bioCEED as leader for the work package on Educational leadership. Øystein will join the meeting on Skype from Longyearbyen.

Mads Forchhammer is a professor in terrestrial zoology at Arctic Biology, UNIS. Mads teaches biology courses at UNIS. Mads will join the meeting on Skype from København.

Tina Dahl is a teaching officer at Arctic Biology, UNIS. Tina administrates and coordinates teaching at Arctic Biology and especially the bioCEED activities and projects at UNIS.

Matteo Petit Bon is a PhD candidate at Arctic Biology. Matteo is also involved in teaching as a teaching assistant in biology courses at UNIS.

Sigrunn Eliassen is an associate professor at the Department of Biology, UiB. Sigrunn teaches in biology courses and she is part of the steering group in bioCEED as work package leader of Learning environments. She leads the project bioSKILLS.

Anne Bjune is an associate professor at the Department of Biology, UiB, where she teaches in several biology courses, both at bachelor and master level.

Jeppe Kolding is a professor at the Department of Biology, UiB, where he teaches master level courses in fisheries.

Jonathan Soule is a chief engineer for teaching at Department of Biology and bioCEED, UiB, especially focusing on lab and field teaching. Jonathan is a member of bioCEED Steering group and works with several bioCEED projects, among others bioSTATS, Teach2Learn and biORAKEL.

14.15 – 15.45 Meeting with senior institutional managers, centre leader and key team members

Oddrun Samdal is vice-rector of education at UiB and leads the bioCEED Board.

Vigdis Vandvik, centre director of bioCEED and professor at the Department of Biology, UiB.

Pernille B. Eidesen, vice-director of bioCEED and associate professor at Arctic Biology, UNIS.

Arild Raaheim, member of bioCEED Steering group, and professor at Department of Education, UiB. Work package leader for Activity alignment and Spread of best practice.

Torstein Hole, PhD Candidate in bioCEED, connected to the project PRIME. He is a member of the Steering group.

Ørjan Totland, member of bioCEED Steering group, and Head of Department at Department of Biology, UiB. Work package leader for Teacher culture.

Ragnhild Gya, student at the Integrated Master's Programme in Teachers Education, specializing in Biology. Ragnhild is a student representative in bioCEED and member of the bioCEED Steering Group. Ragnhild is also a project leader for biORAKEL.

Oddfrid Førland, project coordinator bioCEED and member of the Steering group.
