

RETHINKING PEATLANDS IN NORWAY

Group 1 : Klara Mathilde Henriette Rosemann, Lison Francine Michelle Monpiou, Markus Nyland Tallaksen, Mathilde Wang Funder, Samuel Tobias Drabløs, Thorin Midling-Jensen

215.1

What are Peatlands?

- Wetland ecosystems with accumulated organic material (peat)
 - Formed under water-saturated, oxygen-poor conditions
 - Store 30 % of the carbon in the soil
